

TECHNICAL SERVICES IT SUPPORT

EXPERTISE IN JUST WHAT YOU NEED

We're here to help you with what you need to make business run smoother, whether that's a quick on-site fix to get a computer network back up and running, or a strategic recommendation on a comprehensive digital voice communication system.

Cloud integration

Offsite backups

Hardware procurement

LAN & WAN connectivity & planning

Productivity web apps

Fixes, upgrades & advice

Service is where we shine, and that means procuring just what fits—not more than you can handle. We believe in proactive IT management, both onsite and remote, to provide your business with reliable, affordable support and solutions.

E STREET E-LAN

Our entry-level IT managed support plan.

This ongoing support and service program ensures you're always covered. E Street E-LAN starts with an initial assessment and continues to monitor your IT systems, anticipating any issues and keeping your business protected.

Monthly checkups

Reduced rates on technical support

Offsite & automated backups

WIRELESS MESH NETWORKS

Our low-cost, zero-configuration, meshed wireless networks.

This plug-n-play wireless mesh network spreads your existing Internet connections throughout your location. It's ideal for office parks, apartment complexes, hotels, restaurants—and just about anywhere people do business.

Features include:

Indoor/outdoor enclosures

User-controlled bandwidth

Mobile tracking tools

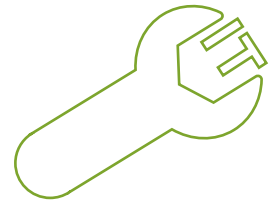

Cloud-based controller

E-commerce "captive portal" integration

TECHNICAL SERVICES IT SUPPORT

WHY THE LOCALS COME TO US FIRST

Deploying mission-critical network infrastructures for over 20 years, E Street has become the go-to IT authority for delivering universal reliability that small and medium-sized businesses count on for productivity.

Our signature technical support style is a careful combination of face-to-face, always-on service with an enterprise-grade data center and scalable solutions to back it all up. It's how E Street's dedicated team of IT experts stays accountable to the community—and the evolution of your business.

A different kind of company...

Founded in 1994, E Street Communications is a Denver, Colorado based Internet Service Provider offering a full spectrum of technology solutions targeted to small and medium businesses.

Is E Street a good fit for your company?

We're a great match if you need technology to work for you. E Street provides knowledge and solid solutions in the business of IT and most importantly, U.S. based service & support with a fanatical commitment to excellence.

Zero-complaint BBB A+-rated company

Dedicated team of IT authorities
